Introduction

1 We have completed our audit of the Financial Statements ("the Financial Statements") for the financial year 1 January - 31 December 2023.

	<u>Net income</u>	<u>Unrestricted Funds and re- serves</u>
Global Alliance Denmark	EUR 2,906	EUR 2,906
Global Alliance Switzerland	USD 249,039	USD 713,137

2 We refer to our description of the responsibility for the presentation of the Annual Report etc and of the performance and scope of the audit provided in our Terms of Engagement dated 26 March 2021, pages 1-6. Our audit was performed in accordance with the principles described in our Terms of Engagement.

Result of the Audit Performed

3 The audit performed did not give rise to any comments of such materiality or nature that they are to be included in our auditor's report on the Financial Statements.

4 Provided that the Annual Report is approved in its present form and that no additional, significant information is brought forward during the Board of Directors' consideration and adoption of the Annual Report, we will express a so-called "clean" opinion in our auditor's report on the Financial Statements.

5 In accordance with the auditing standards, we describe below the matters that, in our judgment, require special audit consideration.

Reporting on Significant Matters

Internal controls

6 In connection with our audit, we have reviewed the procedures for internal control.

7 It is our opinion that the Financial Policies and Procedures are a good basis for managing the alliance's accounts. It is also our opinion that the internal controls are sufficient, taking into account the size and complexity of the organisation.

8 During our audit, we did not note any matters indicating the existence of either unintentional errors or fraud.

Risk of material misstatement due to fraud

9 According to the auditing standards, the auditor is obliged to make inquiries of the Alliance's Board of Directors into the way in which it supervises the activities and procedures implemented by the Executive Director to identify and respond to the risk of material fraud in the Alliance, and into internal controls implemented by the Executive Director to prevent such risks.

10 We are moreover to make inquiries of the Board of Directors as to whether it has knowledge of any actual fraud affecting the Alliance or of any suspected or alleged fraud.

11 As part of this procedure, we have discussed with the Executive Director the management and control processes established by the Alliance to detect and prevent fraud and errors. During our discussions, the Executive Director informed us that it has no knowledge of fraud or of any suspicion or allegation of fraud which may materially affect the Alliance.

12 We regard the board's signature on this Long-Form Report as confirmation that the board has no knowledge of fraud or accusations thereof.

Other Matters

13 We have reviewed and analysed the income statement on the basis of specifications, vouchers and other reconciliations. Moreover, we have made a number of tests, analyses and reconciliations of the accounting records and vouchers.

14 Further we have checked that salary payments are approved.

15 During our audit of the Alliance's balance sheet, we verified by random sampling the ownership, existence and proper valuation of the Alliance's assets. We verified that the liabilities of the Alliance of which we are aware have been correctly reflected in the Financial Statements.

16 Funds received in Global Alliance of NGOs for Road Safety (Denmark) are transferred to Global Alliance Switzerland and are used for projects or included in those accounts as cash or a receivable.

17 Remaining funds in the Danish organisation are interest from bank accounts.

18 Funds received in Friends of the Global Alliance are transferred to Global Alliance Switzerland and are used for projects or included in those accounts as cash or a receivable.

Final Remarks

19 In connection with the completion of the audit, we will obtain a representation letter signed by the Executive Director regarding the financial reporting and the completeness of both accounting records and other information that may affect the Financial Statements.

20 The minute book of meetings of the Board of Directors up to and including the meeting on 6 December 2023 has been read for the dual purpose of ensuring that any transactions or decisions of an unusual nature or magnitude have been approved by the members of the Board of Directors, and that such transactions or decisions have been correctly reflected in the Financial Statements.

21 The material received did not disclose any matters not duly represented in the Financial Statements.
